

AutoTest Battery System Tester BST-380

TEST ALL CLASSES OF VEHICLES

COMPLETE BATTERY TESTER

- ▷ **Tough and workshop-ready**
- ▷ **Portable and easy to use**
- ▷ **Suitable for all automotive lead acid batteries***

The AutoTest Battery Tester BST-380 is a battery Tester tool designed for automotive service, fleet maintenance and breakdown assist. The Battery Tester evaluates SOH (battery health) and performance in a quick and effective manner, enabling the identification and replacement of failing batteries.

- Complete view of SOH (battery health)
- 12V/24V/30V
- 100-2000 CCA
- Alerts you to replace sub-standard batteries before they fail
- Internal thermometer to measure ambient temperature
- Does in-vehicle and out-of-vehicle battery testing
- Polarity reverse connection protection
- Testing standards include a majority of the world's battery standards, CCA, BCI, Ca, mCa, JiS, Din, iEC, en, Sae and GB
- Test lithium Batteries under Jis Standard
- Stores up to 100 test results
- Built-in printer

* Regular flooded, AGM Flat Plate, AGM Spiral, Gel, Enhance flooded battery (EFB)

AutoTest Battery System Tester BST-380

COMPLETE BATTERY TESTER

Battery System Tester is a professional quality unit that tests all 12V/24V/30V auto batteries, including new auxiliary batteries for hybrids.

It uses advanced conductance testing technology to easily and quickly measure the CCA (cold cranking amps) capability of the vehicle starting battery, SOH (the health of the battery) itself, and common faults in the vehicle starting system and charging system. It can help maintenance personnel to identify problems quickly and accurately, thus leading to efficient vehicle repair.

Test Functions:

- Battery Test
- Charging System Test
- Start System Test
- Maximum Load Test

UPGRADE TO THE FULL SET : **AUTO**TEST BATTERY SYSTEM TESTER & CLAMP SET

ADD THE CURRENT CLAMP AND GET THE MOST COMPREHENSIVE BATTERY TESTING SET. THE SET INCLUDES A CURRENT CLAMP WHICH DIRECTLY MEASURES THE ACTUAL CCA (COLD CRANKING AMPS). THIS SIGNIFICANTLY INCREASES THE ACCURACY OF THE TEST.

The optional Current Clamp

The BST-380 Battery Analyser and Current Clamp testing a car battery

The BST-380 Battery Analyser & Clamp Set
